

## TOURNAMENT REPORT AFRICA REGION 2018

### INTRODUCTION

During the previous AGM in South Africa in May 2017, the newly elected Chairperson Mrs. Janmohamed and the Board Members had a discussion and under the encouragement of The Chairperson, it was decided that a Senior Men's Africa Cup should be the priority of The ACA for the coming year.

Today the ACA can be proud to say this has become reality. With hard work and co-ordination from all the regions, it's a great privilege and honour to report that not only the Africa T20 Cup Tournament was born but the Women's Tournament in Ghana which already played off during as well as the 8 Nations Tournament for Women's are three events on the Calendar of the ACA for 2017/2018 and 2019. This can be labelled as a huge achievement and step in the right direction for cricket in Africa under the auspices of the ACA. History is made by the presentation of the first in Africa T20 Cup for senior men. A tournament which is here to stay and promising to become a prestigious annual event.

An advisory committee for Africa Cup 2018-2019 consisting of three persons was appointed during March 2018. With their expertise and knowledge to advise and guide the ACA Board to assist and to ensure that the first Africa Cup runs smoothly.

The appointed Advisory Committee:

- 1) Mr. Kwesi Sagoe from Nigeria and Former Chairman of ACA (2011-2017)**
- 2) Mr. Francois Erasmus from Namibia - Former ACA Board member and actual member of Board of Director of ICC - International Cricket Council**
- 3) Sumod Damodar from Botswana – Former ACA Board member and actual member of CEC – Chief Executive Committee of ICC – International Cricket Council.**

Another milestone reached through the initiative of Girish Ramakrishna and Sengupta Dipankar to get on board the media company, Kwesi TV who will be responsible for the media coverage during the ACA Africa T20 Cup.

**COMPLETED TOURNAMENTS:** The Women’s Tournament in Ghana

**FUTURE TOURNAMENTS:** ACA - AFRICA T20 CUP - SENIOR MEN

**REGIONAL QUALIFIERS**

To be played within three different regions, West, East and Southern Africa, where the top two rivals of each region will qualify to compete for the ACA Africa T20 Men's Cup. The fixtures for these tournaments already been set up and attached to report.

## **GENERAL**

It is unfortunate that the U17- 5 Nations Boys Tournament in Zambia which was scheduled during March 2018 was deferred due to issues between Zambia Cricket and the Zambia Sport Ministry.

We can only compliment the members who took the lead with competitions which are already established. There is so much positive progress made already throughout 2017/ 2018. It's a great achievement by having nineteen countries participating in the first Africa T20 Cup. This is bigger than anyone expected and a proof that there is a huge gap for competitions in Africa.

Let our prospects and targets for 2019/20 be to create more tournaments and fill the ACA Calendar with competitions for all ages and genders.

Thank you to everyone who played his/her part in the creating of a platform for cricket competitions in Africa.
